

UNO

by Aptar

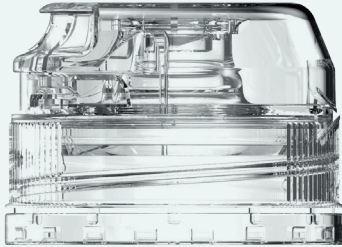

CREATE
COLLABORATE
INNOVATE

Less is **more.**

MINIMALISTIC WITH MULTIPLE BENEFITS

Mono Material

Uno is a simple, one-piece design, made with **mono material for improved recyclability**.

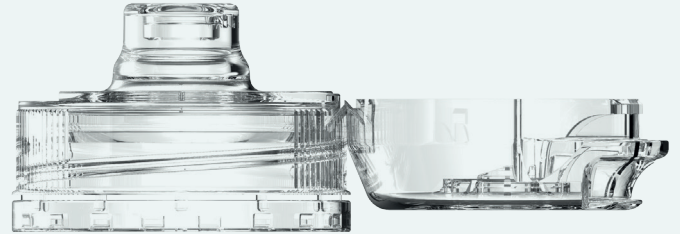

Translucent Options

Uno's transparency can give consumers the **notion of purity**. Also available in opaque colors.

Tethered

Uno tethered lid contributes to a more circular economy by **staying attached to the bottle throughout its lifecycle**, and therefore improving recyclability rates.

Reliability

Proven solution in the market and designed for line efficiency with nitrogen dosing.

Sterilization

Compliant with Claranor FULLCAP® Pulsed Light Sterilization with translucent closures and adapted for high acid aseptic lines.

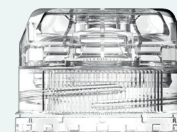

Born from consumer insight
