**High Performance  
Meets Recyclability**

# PolkaLite

by Aptar

## LIGHT AND FULLY RECYCLABLE

- **Lightweight** (only 8.4g\*).
- Promote the recyclability by pairing with SimpliCycle™ **fully recyclable valve**.
- Opportunities for **reduced eco-tax fee**.

*\*Without valve and liner*

## EASY TO IMPLEMENT

- **Reliable** on filling lines, with the optimized thread profile.
- **Improved capping performance** thanks to the outer shape with less conicity and rigid hinge.
- **Wide application:** sauces and condiments, salad dressings, honey, spreads and others.

## SPECIFICATIONS:

- **38-400 neck finish**
- **55mm outer diameter**
- **Medium valve size (.500")**
- **Flat Seal**
- **Liner capable**

## MORE CONVENIENT FOR CONSUMER

- Inverted packaging friendly
- Allowing sauces with chunks, **minimized clogging** with the medium valve size (.500")
- **Repeatable** and **controlled dispense** with the best-in-class flow control valve technology
- Facilitates the **e-commerce** sales expansion as PolkaLite is ISTA-6 friendly

## CLEANLINESS

- Avoid stringing, drops and spurts with the clean cut-off and tight valve
- **Secure sealing** thanks to the pin in the lid
