

Your Partner of Choice for Best-in-Class Injectable Solutions

**Pure state-of-the-art rubber formulations and
full range of proven component designs**

Pre-Filled Syringes

Complete solutions for
Pre-Filled Syringe &
Auto-injector developments

PremiumCoat®

Our ETFE film coated component
platform for your sensitive
drug developments

Vial Containment

Extensive range of solutions
for liquid, powder
and lyophilized applications

**Specialized finishing and packaging to meet increasing regulatory requirements,
achieve high quality and optimize your operations**

PremiumFill®

Enhanced quality and particulate cleanliness

Ready-to-Use

Guaranteed sterility at the point of use

Shaping the future of injectables, together.
