

Your Partner of Choice for Best-in-Class Injectable Solutions

Pure state-of-the-art rubber formulations and full range of proven component designs

Pre-Filled Syringes

Complete solutions for
Pre-Filled Syringe &
Auto-injector developments

PremiumCoat®

Our ETFE film coated component
platform for your sensitive
drug developments

Vial Containment

Extensive range of solutions
for liquid, powder
and lyophilized applications

Specialized finishing and packaging to support compliance to EMA GMP annex 1 requirements and optimize your operations

PremiumFill®

Enhanced quality and particulate cleanliness

Ready-to-Use Gamma

Guaranteed sterility at the point of use

Rapid Transfer Port bags

The new standard for aseptic transfer

Shaping the future of injectables, together.
