Delivering solutions, shaping the future

BENEFITS TO YOU

- **Enhanced Brand Experience:** twist-to-lock feature and large finger pad design provide a premium user experience
- **Versatile:** Available in various dosages and molded color options to fit your formulas and product lines, ensuring brand consistency
- **Speed to Market:** Local production means faster turnaround times, allowing you to respond quickly to market demands

BENEFITS TO YOUR CUSTOMER

- **Ease of Use:** intuitive twist-to-lock/unlock feature with audible and visual cues provide assurance that the product is securely locked, giving customers peace of mind
- **On-the-Go Convenience:** no cap to lose means customers can carry products without worrying about leaks – making it perfect for busy lifestyles and secure transport
- **Inclusive Ergonomic Design:** large finger pad area built for comfort, efficiency and accessibility

IDEAL FOR A VARIETY OF APPLICATIONS

- **Baby Care:** No cap to lose, preventing leaks in diaper bags and accidental ingestion
- **Sun Care:** Easy to carry in a purse or beach bag
- **Body Spray/Deodorant:** Great for gym bags or freshening up throughout the day
- **Hair Care:** Convenient for touch-ups on the go
- **Insect Repellents:** Safe for kids, reducing the risk of leaks or accidental sprays
